Journal of Ethnopharmacology, 25 (1989) 361–362
Elsevier Scientific Publishers Ireland Ltd.

SUBJECT INDEX
Volume 25

Aconitan A, a glycan from *Aconitum carmichaeli* roots, mechanisms of hypoglycemic activity of, 295
African medicinal plants, eight, antimicrobial effects of, 115
Angelica shikokiana, effects of active compounds isolated from, on lipid metabolism in fat cells, 269
Angiosperms: plants used in traditional medicine in Eastern Tanzania, 339
Antifertility effects of *Bambusa arundinacea* shoot extracts in male rats, 173
Antifungal constituent from the stem bark of *Butea monosperma*, 73
Antimalarial effects of eight African medicinal plants, 115
Antimicrobial effectiveness of six paradols: a structure-activity relationship study, 109
Antipyretic and sedating activity of the essential oil of *Calamintha sylvatica* subsp. *ascendens*, 165
Anti-AIDS activity, *Castanospermum* and (letter), 227
Anti-inflammatory activity of *Echinops echinatus*, 189
Anti-microbial activity of 43 medicinal plant from Senegal (in French), 315
Arrow and dart poisons, 1

Bamboo buds, effects of: structural and functional changes in the epididymis of rats, 201
Bambusa arundinacea shoot extracts, antifertility effects of in male rats, 173
Bupleurum gibraltaricum, pharmacological activity of the essential oil of: anti-inflammatory activity and effects on isolated rat uteri, 305
Butea monosperma, an antifungal constituent from the stem bark of, 73

Calamintha sylvatica subsp. *ascendens*, sedating and antipyretic activity of the essential oil of, 165
Canary Islands, new contribution to the ethnopharmacological study of, 77
Cardiovascular effects in the rat of dihydrocorynantheine isolated from *Uncaria callophylla*, 213
Castanospermum and anti-AIDS activity (letter), 227
Central nervous system, effect of an extract of *Erioglossum edule* on, 217
Cymbopogon citratus leaves, pharmacological study of, 103

Diarrhoeal disease, acute, inhibition of gastrointestinal release of acetylcholine by quercetin as a possible mode of action of *Psidium guajava* leaf extracts in the treatment of, 235
Dihydrocorynantheine isolated from *Uncaria callophylla*, cardiovascular effects in the rat of, 213

Echinops echinatus, anti-inflammatory activity of, 189
Erioglossum edule, effect of an extract of, on the central nervous system, 217
Ethnopharmacological study of the Canary Islands, new contribution to, 77
Ethnopharmacology, a general outlook, 127
Ethnopharmacology and western medicine, 61

Field work, ethnopharmacological, methods for, 139

Genital tract, histoarchitecture of, of ovariectomized rats treated with an aqueous extract of *Moringa oleifera* roots, 249

Hepatoprotective effects of *Wedelia calendulacea*, 93

Lipid metabolism in fat cells, effects of active compounds isolated from *Angelica shikokiana*, 269
Liver injury, chronic, treatment of, by oral administration of Xiao-Chai-Hu-Tang, 181

Medicinal plant research, some phytochemical aspects of, 43
Methods for ethnopharmacological field work, 139
Moringa oleifera roots, histoarchitecture of the genital tract of ovariectomized rats treated with an aqueous extract of, 249

Neem oil, biochemical and histological studies of reproductive organs in cyclic and ovariectomized rats supporting a non-hormonal action for, 281

Palicourea marcgravii, effect of, on laboratory rodents, 221
Palmitine hydroxide treatment in male dogs, testicular cell population dynamics following, 151
Paradols, six, antimicrobial effectiveness of: a structure-activity relationship study, 109
Pharmacological study of *Cymbopogon citratus* leaves, 103
Phytochemical aspects of medicinal plant research, 43
Picralima nitida bark, use of extracts of, in the treatment of experimental trypanosomiasis: a preliminary study, 263
Poisons, arrow and dart, 1
Psidium guajava leaf extracts in the treatment of acute diarrhoeal disease, inhibition of gastrointestinal release of acetylcholine by quercetin as a possible mode of action of, 235

Rheumatoid arthritis, studies on the mechanism of action of *Semecarpus anacardium* in, 159

Sedating and antipyretic activity of the essential oil of *Calamintha sylvatica* subsp. *ascendens*, 165
Semecarpus anacardium, studies on the mechanism of action of, in rheumatoid arthritis, 159
Senegal, anti-microbial activity of 43 medicinal plants from (in French), 315

Tanzania, Eastern, plants used in traditional medicine in: Angiosperms, 339
Testicular cell population dynamics following palmitine hydroxide treatment in male dogs, 151

Trypanosomiasis, experimental, a preliminary study of the use of extracts of *Picralima nitida* bark in the treatment of, 263

Uncaria callophylla, cardiovascular effects in the rat of dihydrocorynantheine isolated from, 213

Wedelia calendulacea, hepatoprotective effects of, 93
Western medicine and ethnopharmacology, 61

Xiao-Chai-Hu-Tang, treatment of chronic liver injury in mice by oral administration of, 181

Journal of Ethnopharmacology, 25 (1989) 363–364
Elsevier Scientific Publishers Ireland Ltd.
